

### What to do when the evaluation takes place over 2 days

If an evaluation takes place over two or more days, the provider will compile the results for all the days within the evaluation note that is dated the first day the evaluation was conducted. Then, provider will complete an FSC note for the additional days, with no charges attached.

### If you are the Primary Evaluator complete the Eligibility Determination area

<b>Eligibility Determination:</b>	
<input checked="" type="radio"/> Child is eligible for Part C Services	
<input type="checkbox"/> Developmental Delay of at least 50% in one or more developmental domains	
<input type="checkbox"/> Diagnosed Medical Condition that is likely to result in a 50% delay	
<input checked="" type="checkbox"/> Informed Clinical Opinion. The team believes that this child shows significant atypical development.	
<b>Select option for Part C eligibility. If you are qualifying the child based on "informed clinical opinion, include rationale here.</b>	
<input type="radio"/> Child is not eligible for Part C Services	

### Complete tabs across bottom of page using Pull from Intake button

Note:

- Scroll to bottom of page if you do not see the button.
- If an evaluation is completed on two separate dates, use the first date for the evaluation record, and make a note of both dates in the Background Summary tab on this page.
- For each area in the Functional Eval you may right-click and select edit; this allows you to expand the box and increase your writing area
