

SIGNED ROI FOR PCP?

YES

Provide
PT/OT/ST
services with
signed POC

REASONING

We need a signed POC for PT/OT/ST on file to comply with Medicaid regulations. While Alaska is an open access state, Medicaid requires a signed POC to cover services. We must treat all families equally under Medicaid standards.

NO

CANNOT provide
PT/OT/ST services
CAN provide FSC, SW,
DT, and BH services

REASONING

The permission to communication with the child's doctor is the driving factor on if we can get a POC signed and thus provide PT/OT/ST services due to Medicaid regulations.

WHAT ABOUT CTB?

Even if the family has
denied our consent to
bill, we are still obligated
to provide all
recommended services
