

TRANSITION TIMELINE

Transitioning from Part C Services
(ages shown in months)

24-30

Transition PLAN

This is a specific IFSP meeting that reviews the options, including but not limited to:

- Reviewed automatic ASD notification and option to opt out
- Introduced Steps Ahead Booklet
- Discussed potential service settings
- Complete referrals/applications (ASD, childcare, Head Start, etc.)
- Schedule 90 day conference, invite ASD if involved.

30

LEA Notification

This notification is ASSUMED unless the family opts out by signing the ASD Opt Out form **prior to** 30 months.

If the family changes their minds AFTER 30 months take the following steps:

- 1) Still have family sign the ASD Opt Out form
- 2) Admin will email ilp@asdk12.org that the family is declining further services

33

Transition CONFERENCE (aka the 90 day meeting)

This is a specific IFSP meeting that reviews the option the family has chosen after the discussion of options at the Transition Plan. If ASD is the plan, they need to have been invited to the meeting. If the family is NOT transitioning to ASD, a Transition Conference is still required by law. Alternative options include:

- Private preschool/daycare
- Head Start
- Private therapy
- No services (home)

If a child ENROLLS in PIC services between **31 and 32 months and 29 days**, special LEA Notification is REQUIRED. Email admin ASAP once the IFSP appointment has been completed with the family. We are still held to the above timeline

LATE REFERRAL
