Transition CONFERENCE (aka the 90 day meeting)

This is a specific IFSP meeting that reviews the option the family has chosen after the discussion of options at the Transition Plan. If ASD is the plan, they need to have been invited to the meeting. If the family is NOT transitioning to ASD, a Transition Conference is still required by law.

Alternative options include:

- Private preschool/childcare
- Head Start
- Private therapy
- No services (home)

If a child ENROLLS in PIC services between **31 -32 months and 29 days**, special LEA Notification is REQUIRED. Email admin ASAP once the IFSP appointment has been completed with the family. We are still held to the above timeline
